

Meadow

Blackbird Designs

As tall grass heads wave in the breeze you begin to notice the wild flowers as they pepper the grassy field with dots of color.

A sense of calm and beauty surround you. The small noises of chirping crickets and buzzing bees lets you know that this small field is alive with plant and insect diversity.

Nature is always inspirational.

*We chose colors of the earth, sky, wildflowers and grass to bring the **Meadow** into your home.*
