Tres Jolie is filled with all the pretty florals

and ditsies that make up the sweet, romantic quilts of days gone by. Inspired by the colors in a summer garden, these prints combine the softest of pinks with pearl, barely there turquoise and our classic faded red and woad. Fitting to the florals and inspired by Liberty fabrics, this collection is printed on a lawn cotton, which will make your projects as soft as they are pretty. Perfect for English paper piecing, clothing, or an heirloom appliqué quilt - Tres Jolie is just that - very pretty!
