

MAIN ST

Sweetwater

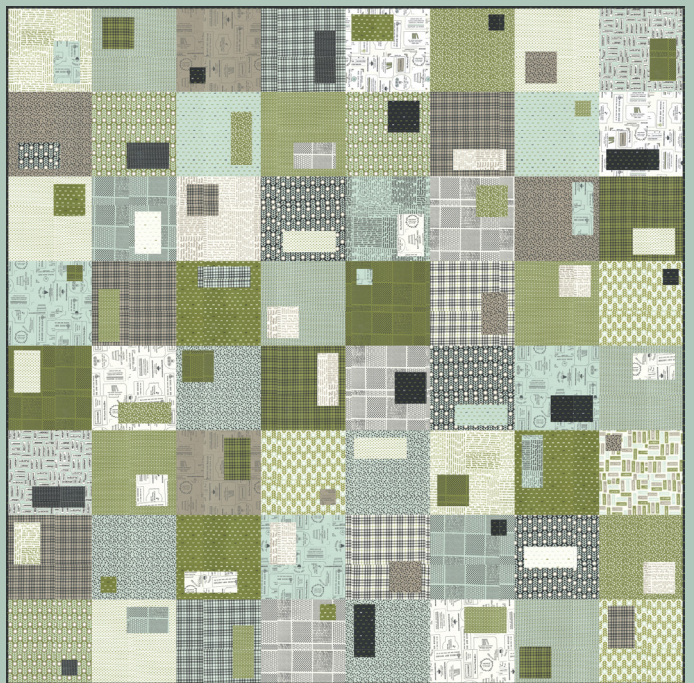

When we designed “Main Street”, we had no idea that our very own Main Street in our small town of Fort Morgan, Colorado was about to be selected for a huge, made for TV renovation by a national television show. Even though they really didn’t want or need our help and ideas (sigh), we are so excited to see what they do with our little hometown. Whether you grew up in the big city or a town of 300, everyone has a “Main Street”. From the street signs, to the shop names, to the simple, calming color palette, this line just feels like home. We can’t wait for the TV show, but we are even more excited for the fabric collection.
