Cathe Holden's Outdoorsy collection celebrates the simple pleasures of recreation and relaxation outside in the fresh air - whether it's a hike in the hills, a picnic in the park, or a weekend in the woods. It's your fabric field guide to spending time in the great outdoors featuring campfire blanket tartan plaids, soft forest moss, camp and travel mementos, vintage park postcards, beautiful bird species, speckled enamelware, weathered wood and wicker, and old-time fishing tackle. May nature and nostalgia inspire new adventures in your sewing and craft creations.
